Combi Flange FL21-2

All cables in one gland

Combi Flange

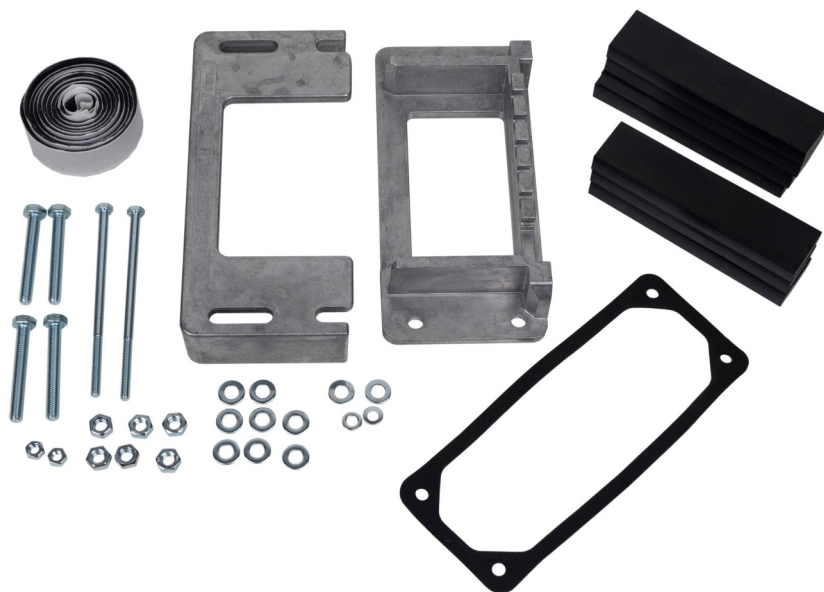

FL 21-2

Article no.	21000010
Flange parts	Cast aluminum
Rubber seal	Neoprene
Sealing compound	Vulktape
Flange gasket	Neoprene
Bolt material	galvanized steel 8.8
Max. clamping area	55 x 105 mm
Weight	1,9kg / 1,78kg
Ambient temperature	- 30 °C / +80 °C
Max temperature	+180 °C in 3 hours
Protection class	NEMA Type 3 (corresponds to IP65*)

Spare parts

Art. no	Article name	Measurements [mm]
21000015	Butyl tape/Vulcanizing tape	2x30x1500
21000129	Rubber seal	13x35x140

*To achieve IP65, the installation must be correctly and carefully performed, and according to our installation manual
